Hi Laura,

Very sorry to bug you but...

The resources listed below include a data reviewer...I'm not sure what that is or what the job would be? Do you have any info to help clarify so that I know which individuals I should reach out to? Many thanks!

Also, as FYI, I left a message for Steve Wharton just to double verify the Tech Support person listed below is not same as what Liz Fagen was deploying to do...or at least start the conversation ☺
